#### Parent Party Guidelines:

- We will have to mute all the children once we start but they can hear the music clearly.
- Laptops work best but you can use a phone or tablet, maybe hook up to your TV if you can?
- You must be in the room or stay nearby.
- Don't be late, this is a 40 min session, please be ready a few mins beforehand so we can let you in safely and securely. We have a strict guestlist policy, please enter the name of your child that's partying with us when setting up Zoom.
- We will have fun dancing, we can take shout outs to friends via the chat and can spotlight children.
- Don't share the meeting details.
