

DESIGN YOUR OWN CHRISTMAS CARDS!

Following on from the email sent a few days ago, in your child's book bag will be a design sheet for your child to design their own Christmas card if they wish to. Please follow the tips below to make sure the cards look as fantastic as possible and that you can get them ordered in time!

Samples will be produced so you can see your child's design before placing an order. Packs of 12 cards of your child's design will be available to purchase for £5.30. Gift tags, tea towels, mugs and bags will also be available and more information on pricing will be available nearer the time.

1) Keep the drawing or painting **within the border**.

2) Use **felt tips, pencils, crayons or paint**.

Unfortunately things like glitter, metallic paper or 3D objects, e.g. cotton wool, do not look so good on the final cards.

3) Make sure your child's name and class are **legible** on the sheets. Please write these yourself if you are not sure. The handwritten names are not reprinted on the cards, but your child's name is and we will need to be able to decipher these to ensure the name is printed correctly!

4) Return final design sheets to the office by **WEDNESDAY 18th OCTOBER**. This ensures that the design company can produce samples for you and you can make a final order before Christmas. This gives you two weeks – so get designing!

5) **Spare** design sheets can be obtained from the office.

Happy designing!
